THE IHC GROUP

When circumstances leave you temporarily uninsured, short-term medical (STM) insurance helps protect you during coverage gaps.

Connect STM offers several benefit options that allow you to find the right answer for your specific coverage needs. Coverage can begin as early as the day following your online application and if approved, can last up to 90 days in most states.

### **Why STM insurance?**

STM plans provide insurance coverage during life transitions. When you are between group insurance or individual major medical policies, STM plans pay for covered medical expenses due to unexpected illnesses or injuries. Covered expenses include diagnostic physician visits, emergency room treatment, hospital stays, surgery, intensive care and more, but do not include maternity care or outpatient prescription drugs.

- **Affordable**

STM plans are affordable. While STM contains limitations when compared to traditional major medical plans, the premium is generally lower.

- **Customizable**

Select from various benefit levels which best meet your insurance and premium needs. You can also include other coverage such as dental insurance or a discount prescription drug program. The amount of benefits provided depends on the plan selected.

- **Convenient**

Coverage can begin as early as the day following your online application. The underwriting process is simple and policy fulfillment, including claims and ID cards, are available online.

## Plan selection

All benefits listed apply per covered person, per coverage period.

<p><b>Office visit copay</b></p> <p>The copay applies to the first covered office visit during the policy period. After the copay, the balance of the doctor office visit charge is covered at 100 percent.</p> <p>Additional covered expenses incurred during the office visit, including expenses for laboratory and diagnostic tests will be subject to plan deductible and coinsurance.</p>	<p>\$50 copay</p>
<p><b>Deductible</b></p> <p>The selected deductible must be paid by the covered person before coinsurance benefits begin.</p> <p>Family deductible maximum: Three individual deductible amounts. <p><b>Coinsurance percentage and out-of-pocket</b></p> <p>After the deductible has been met, you pay the selected percentage of covered expenses until the out-of-pocket amount has been reached. The plan covers the remaining percentage of covered expenses up to the maximum benefit.</p> <p>The out-of-pocket amount is specific to expenses applied to the coinsurance; it does not include the deductible.</p> <p>Once the deductible and coinsurance out-of-pocket amounts have been satisfied, additional covered charges within the coverage period are paid at 100 percent, up to the maximum benefit amount. Benefit-specific maximums may apply. The out-of-pocket does not include the deductible, any precertification penalty amounts or expenses not covered by the plan.</p>	<p><b>20% coinsurance</b> Out-of-pocket: \$4,000</p> <p><b>30% coinsurance</b> Out-of-pocket: \$6,000</p> <p><b>50% coinsurance</b> Out-of-pocket: \$5,000 or \$10,000</p>

## Covered expenses

All benefits, except office visits applied to the copay, are subject to the selected plan deductible and coinsurance. Covered expenses are limited by the usual and reasonable charge as well as any benefit-specific maximum. If a benefit-specific maximum does not apply to the covered expense, benefits are limited by the coverage period maximum. Benefits may vary based on your state of residence.

### Covered expenses include treatment, services and supplies for:

- Physician services for treatment and diagnosis
- X-ray exams, laboratory tests and analysis
- Mammography, Pap smear and prostate antigen test (covered at specific age intervals, not subject to deductible)

## Payment options to suit your situation

These plans offer monthly premium payments using credit card or automatic bank withdrawal.

## Utilize a network provider and save

With your short-term medical plan, you have the freedom to choose any provider. In certain markets, you also have access to discounted medical services through national preferred provider organizations (PPOs). These network providers have agreed to negotiated prices for their services and supplies. While you have the flexibility to choose any healthcare provider, the discounts available through network providers for covered services may help to lower your out-of-pocket costs.

At the time of service, simply present your identification card, which will include the network information needed for the provider to correctly process covered billed charges.

## Pre-existing condition limitation

The short-term limited duration medical expense product does not provide portability of prior coverage. Any medical condition or sickness for which medical advice, care, diagnosis, treatment, consultation or medication was recommended or received from a doctor within five years\* immediately preceding the covered persons' effective date of coverage; or symptoms within the five years\* immediately prior to the coverage that would cause a reasonable person to seek diagnosis, care or treatment will not be a covered benefit.

\*Six months in ID, KY, MI, ND, NH, NM, OH, WA, WY; 12 months in CO, CT, IN, LA, MD, ME, MS, NC, NV, SD, VA; 24 months in FL, IL, UT; and 36 months in MT.

## Usual, Reasonable and Customary charge

Charges for services and supplies, which are the lesser of:

a) the amount usually charged by the provider for the service or supply given; b) the negotiated rate; or c) the average charged for the service or supply in the locality in which it is received.

With respect to the treatment of medical services, usual and reasonable means treatment that is reasonable in relationship to the service or supply given and the severity of the condition. In reaching a determination as to what amount should be considered as usual and reasonable, we may use and subscribe to an industry reference source that collects data and makes it available to its member companies.

## 10-day right to return period

If for any reason you are not satisfied with this policy, you may send a written request to decline your insurance coverage within 10-days after you receive it and you will be issued a refund. The refund will include any premium paid, as well as enrollment and administrative fees. These fees may vary by state. Your coverage issued under the Policy will then be void, as though coverage had not been issued.

## Precertification

Precertification is required prior to each inpatient confinement for injury or illness, including chemotherapy or radiation treatment, at least seven days prior to receiving treatment. Emergency admissions must be pre-certified within 48 hours following the admission, or as soon as reasonably possible. Failure to complete precertification will result in a benefit reduction of 50 percent which would have otherwise been paid. Precertification is not a guarantee of benefits.

## Renewability of coverage

STM is not renewable. In some states you are allowed to apply for another STM plan. Your application is subject to eligibility, underwriting requirements and state availability of the coverage. The next coverage period is not a continuation of the previous period; it is a new plan with a new deductible, coinsurance and pre-existing condition limitation. Note that based on your state, you may be limited to two or three consecutive terms only.

## Coverage termination

Coverage ends on the earliest of the date: the premium is not paid when due; you enter full-time active duty in the armed forces; or Independence American Insurance Company determines intentional fraud or material misrepresentation has been made in filing a claim for benefits. A dependent's coverage ends on the earliest of the date: your coverage terminates; the dependent becomes eligible for Medicare; or the dependent ceases to be eligible.

These products may include a pre-existing condition exclusion provision.

Short-term medical plans are not available in all states. This brochure provides a very brief description of the important features of Connect STM plans. This brochure is not a policy and only the actual policy provisions will control. The policy itself sets forth in detail the rights and obligations of both the policyholder and the insurance company. It is, therefore, important that you READ THE POLICY CAREFULLY.
